

DISASTER RESPONSE

"GET READY. GET THRU."
BE PREPARED TO HELP YOUR COMMUNITY IN AN EMERGENCY.

While ADRA responds to disasters around the world, we also want to ensure our churches are ready, ready to serve during emergencies here in New Zealand!

Through our *National Disaster Response Programme*, ADRA can help your church serve with Civil Defence in the event of a local disaster. Possible roles that your church could have are to provide a pool of volunteers who have been trained to work in civil defence approved evacuation centres, or open up your church as an evacuation centre for the local community.

WHAT'S INVOLVED?

Your church will need to set up an Emergency Management Committee and make contact with the local Civil Defence representative in your area. ADRA will help you develop a plan and budget based on the role that the local Civil Defence feels is appropriate for your church, and support you if and when your services are needed.

Support your community by partnering with ADRA, get involved in the National Disaster Response Programme and be prepared to help your community in an emergency.

Learn more and get involved today.
