

# INTERNATIONAL PROGRAMME

GIVING TO THOSE WHO NEED IT MOST.

Every day 22,000 children die from poverty related causes. That's 22,000 too many.

Through our *International Programme* we support community development and emergency response projects across the globe.

Our Community Development projects help families across the South Pacific and Asia gain access to clean water and improve hygiene and sanitation practices. ADRA's life-changing work also supports communities through preparing families for disasters and securing sustainable sources of food and income.

When disaster strikes, we are there. Across the globe ADRA responds to natural and man caused disasters providing short-term assistance, and in many cases remaining after the immediate crisis is over to rebuild and restore communities.

To support ADRA's life-changing work you can donate online, join ADRA's regular giving programme, or sign up to an ADRA Connections project and serve overseas.

Learn more and get involved today.
