

HERE'S WHAT YOUR SUPPORT CAN DO

\$5 can help provide a farmer in the South Pacific with a seed loan from a revolving seed fund. Once they've produced a crop, they return seeds to the fund to help other farmers.

\$20 can provide a baby's first outfit pack, providing a young Mum with a stretch and grow, a pair of booties and a hat for her new bundle of joy.

\$50 can install a water stand in a Pacific community to provide families with better access to safe water.

\$75 will provide a farmer in Timor-Leste with agricultural tools and business training that can help them double their family income.

> OVERSEAS

You can help provide the basic needs and create opportunities for thousands of families in need overseas. Your gift can help provide access to clean water, improve sustainable food sources, promote economic development, and help men and women work better together. Plus, you'll be helping ADRA respond when disasters strike around the globe.

@HOME

Every day, with support from people like you, ADRA helps kiwi families doing it tough. Your gift today can help thousands of disadvantaged families in New Zealand access the opportunities that they need to improve their own lives and the lives of those around them. Across the country ADRA operates youth resilience projects, baby clothing projects, life skills support programmes, parenting courses, health programmes, food banks and debt management courses.
