

GIVE
A FAMILY

a Brighter
FUTURE

Sophea is determined to give her children a bright future.

A tragic road accident and fourteen months in hospital forced her family to take on debt, entrapping them deeper into the cycle of poverty.

Without a stable income, Sophea's family would be forced to sell their land and leave their community in search of work.

Your gift by October 31st can provide families living in poverty, just like Sophea's, with the training and resources they need to overcome hardship and give their family's a brighter future.
